

The screenshot shows a library website interface. At the top, there is a navigation bar with links for Home, Groups, Talk, and Zeitgeist. On the right side of this bar are links for Sign in / Join, English, and Help. Below the navigation bar is a search box labeled "Search site" with a magnifying glass icon. The main content area has a toolbar with buttons for "Your library", "List", "Covers", "Tags", and "Authors". There are also style options (A, B, C, D, E) and a "next page" link. At the bottom of the toolbar, there is a search box labeled "Search this library" with a "Search" button. The page number "1 - 50 of 84" is displayed on the left, and "[1] 2" is displayed on the right, indicating the current page and the total number of pages.

Click on **COVERS** to see a compact view of our titles. You can click on the titles and in many cases follow a link to the book's listing on Amazon.com.

Click on **TAGS** to see a list of our categories. Click on a category name to see all books assigned to that category.

Enter a word in the **SEARCH THIS LIBRARY** search box to search **our book titles**. (Be careful not to use the "Search site" search box as it searches ALL of LibraryThing.)

Check to see if there are multiple pages.
